We Make Home Loans Easy!

Whether you are buying a home or refinancing to lower your rate, we will walk you step-by-step through the borrowing process. We offer great rates, great service, and competitive closing costs.

Get started today before rates climb higher. Call 336-662-6206 to talk with a home loan professional.

Home loans are limited to property in North Carolina.

Offer Your Employees A Free Credit Score Analysis

Summit Credit Union provides a free Credit Score Analysis for any employee, even non-members. During a Credit Score Analysis (CSA), a Summit Credit Union representative will review an employee's credit report. Employees learn how each item affects their credit and what they can do to improve their credit score. A higher credit score can lead to lower interest rates on loans, higher credit limits, and better financing terms.

A Credit Score Analysis can be done individually at any of our branch offices or we can bring it to your business as an employee event. If so, we would have employees sign up in 30-minute increments with approval to obtain their credit report in advance. Then our loan counselor would come to your location to go over their credit report, individually and privately.

To schedule on an on-site event, contact our Business Development Team at marketing@SummitCU.org. If you would rather have your employees come to our branch offices, we can provide you with materials with instructions on how to set up an appointment.

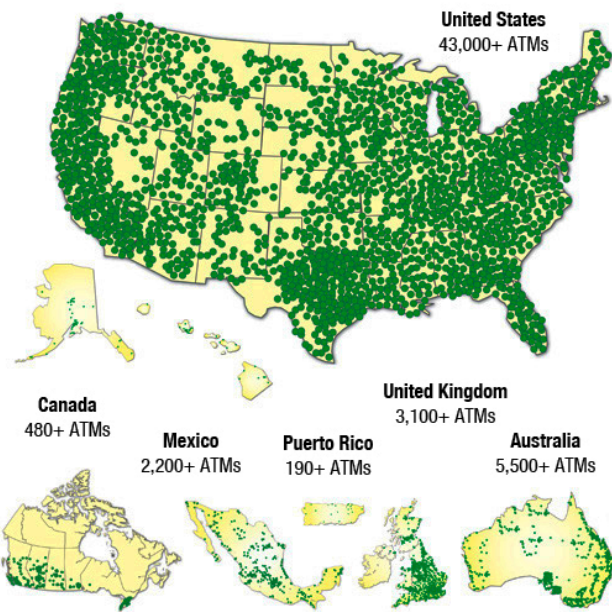

Employees Traveling this Holiday Season? Access Your Credit Union Worldwide!

5,000+ CO-OP Shared Branch locations and 55,000+ Surcharge Free ATMs.

Your employees do not need to worry about having access to their funds during their travels. With over 43,000+ ATMs in the continental United States alone, you can access your Credit Union virtually anywhere.

It is easy for your employees to find our branch offices, *CO-OP Shared Branch locations*, and surcharge-free ATMs - all with just the click of a button on our website.

Employees can find our locator guide by going to SummitCU.org/locations on their computer, mobile device, or by downloading the Mobile 24 app.
